PLANTA DE CONSULTA
AUTOR: L. SANCHEZ

ESC. 1/100

The image displays a set of architectural drawings for a project. It includes two floor plans, an isometric view of a house, and detailed plumbing and drainage installations. The floor plans are labeled 'PLANO PRIMARIO' and 'PLANO SECUNDARIO'. The isometric view is labeled 'ISOMETRICO HIBRIDO'. The plumbing and drainage installations are labeled 'INSTALACION DE INODORO' and 'INSTALACION DE PESADERA'. The drawings are presented in a clean, technical style with clear lines and shading.

INSTALACION DE INODORO

INSTALACION DE PESADERA

The drawing consists of two floor plans, a central utility layout, and two tables. The floor plans show a building with a central staircase and various rooms. The utility layout shows a central distribution point with lines connecting to various rooms. The tables are used for material or equipment specifications.

The image displays a set of architectural drawings for a building project. On the left, there is a detailed floor plan of a rectangular structure with a central staircase and several rooms. To its right is another floor plan, possibly a different level or a section, showing a similar layout but with some areas shaded in black. Below these plans are two vertical cross-sections. The one on the left shows a circular opening at the top, likely a well or a shaft, with a structure below it. The one on the right is labeled "REGISTRO SANITARIO" and shows a cross-section of a sanitary register with various components and connections. On the far right, there is a vertical panel containing a north arrow at the top, a large rectangular area with a grid pattern, and several smaller rectangular boxes at the bottom, which appear to be a legend or a list of materials and specifications.
